Please read the License Agreement before installing this script. By using this script, you agree to comply with the terms of the License Agreement.

How to Install Scripts

To install scripts, extract the .zip file and place the .jsxbin file and any included folders into your 'ScriptUI Panels' folder within your After Effects directory:

- **Windows:** C:\Program Files\Adobe\Adobe After Effects (Version)\Support Files\Scripts\ScriptUI Panels
- **Mac:** Applications/Adobe After Effects (Version)/Scripts/ScriptUI Panels

How to Open Scripts in After Effects

To use the script, go to the 'Window' menu inside After Effects and select the script name at the bottom to launch.

Note: You must restart After Effects after installing new scripts.
